

KAPUNDA TOWN SQUARE INFORMAL CARPARK

After much anticipation, civil works (by Axiom Projects) are kicking off on the Kapunda Town Square this week. Some equipment has mobilised to site as per below and more will be arriving on Today.

As works commence, the 'informal' carpark on the Town Square construction site will no longer be used and security fencing will be in place. People can use the Crase Street car park opposite for a few weeks until works commence on that site to upgrade, seal and light it.

For further information please contact General Manager of Economic Development, Kieren Chappell on 8525 3200 or light@light.sa.gov.au
