

BATS AND BIRDS OF THE NIGHT

Learn about what may be flitting to and fro in your garden

Photo Credits: Australian Museum

Photo Credits: Birds SA

An information session for anyone wanting to understand:

- Which flying species you are most likely to encounter at night and their behaviour
- What benefits they provide to integrated pest management; and
- What we can do to help protect them and improve their chances of survival.

The Guest Speakers

John Gitsham – President of Birds SA, past Senior Park Ranger for NPW (DEWNR), Environmental Project Officer, Environmental Educator, Birdwatcher, Naturalist and Wildlife (Birds) Photographer for over 40 years.

Terry Reardon – Studied bats in Australia, New Guinea and Borneo for nearly 40 years. He is an enthusiastic educator on bat biology and is an active in supporting community groups to survey local bats.

After hearing from our guest speakers enjoy meeting other like-minded people over a delicious light supper.

Date: Tuesday 27th February 2018

Time: 6.45 for 7pm start

Where: One Tree Hill Institute, Blacktop Rd

Cost: Free
