

## **Proposal to Declare a Separate Rate - Gawler Water Reuse Scheme**

**Notice** is hereby given that at its 26 September 2017 meeting, Council in exercise of its powers contained within Chapter 10 of the Local Government Act 1999 for the financial year ending 30 June 2018, resolved to propose to declare a separate rate pursuant to section 154 of the Act of \$550,000 to be levied as a fixed charge against rateable assessment number 6512, Valuer-General's assessment number 3120415503. In proposing to declare the separate rate Council has formed the opinion that the construction of the Gawler Water Reuse Scheme infrastructure, for which the separate rate is proposed to provide financial security against construction work, will be of particular benefit to the land, the occupiers of the land and visitors to that part of the Council's area and provides an opportunity for a range of improvements to the land and activities on the land currently not available. Community consultation and feedback on this proposed separate rate are now open. Written submissions regarding the proposed separate rate must be received by Council by 5:00pm on Friday 10 November 2017. All submissions should be addressed to the General Manager, Economic Development (Kieren Chappell) and either mailed to PO Box 72, Kapunda SA 5373 or sent via email to [light@light.sa.gov.au](mailto:light@light.sa.gov.au)

B. Carr,  
Chief Executive Officer
