

# RURAL PROPERTY ADDRESSING INFORMATION SHEET

## Rural Property Addressing Replacement Signs

The responsibility for the replacement of signs and droppers as a result of a faded, missing, stolen, vandalised or damaged is the responsibility of the landowner.

Replacement rural property address plates are available from a number of commercial suppliers using the plate specification as detailed below, the following manufactures have demonstrated plate manufacturing capabilities:

- Art Craft - [www.artcraftpl.com.au](http://www.artcraftpl.com.au)
- Road Side Services - [www.roadsideservices.net.au](http://www.roadsideservices.net.au)

## Rural Address Plate Specification

Rural Property Addressing Plates within the Light Regional Council must be built in accordance with DPTI 'Plate B' as detailed below:

Plate 'B' specification.

1. Sign Area = 0.06m<sup>2</sup>;
2. Sign to be double sided and installed to face road traffic;
3. Bolts to suit 8mm diameter hole with spring washers;
4. Mounted at the top of a standard black star dropper steel post;
5. To be installed adjacent to property access to a height of 1 metre to the top of post;
6. To be installed no closer than 1.5m to the edge of the shoulder, guide post alignment or grader wind row, whichever is further from the road.

## Rural Address Plate Location

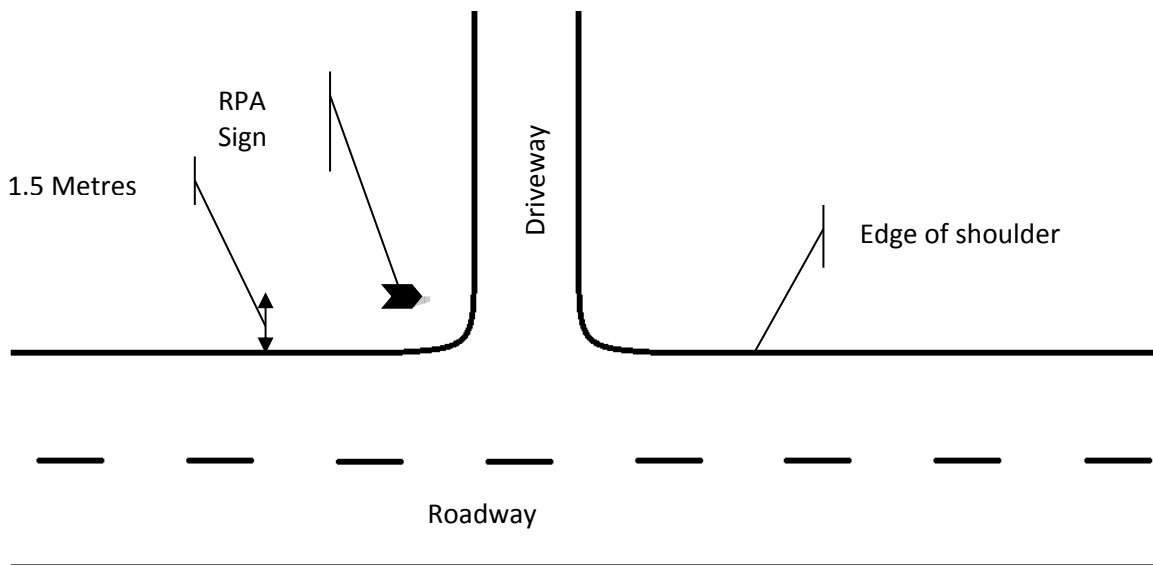

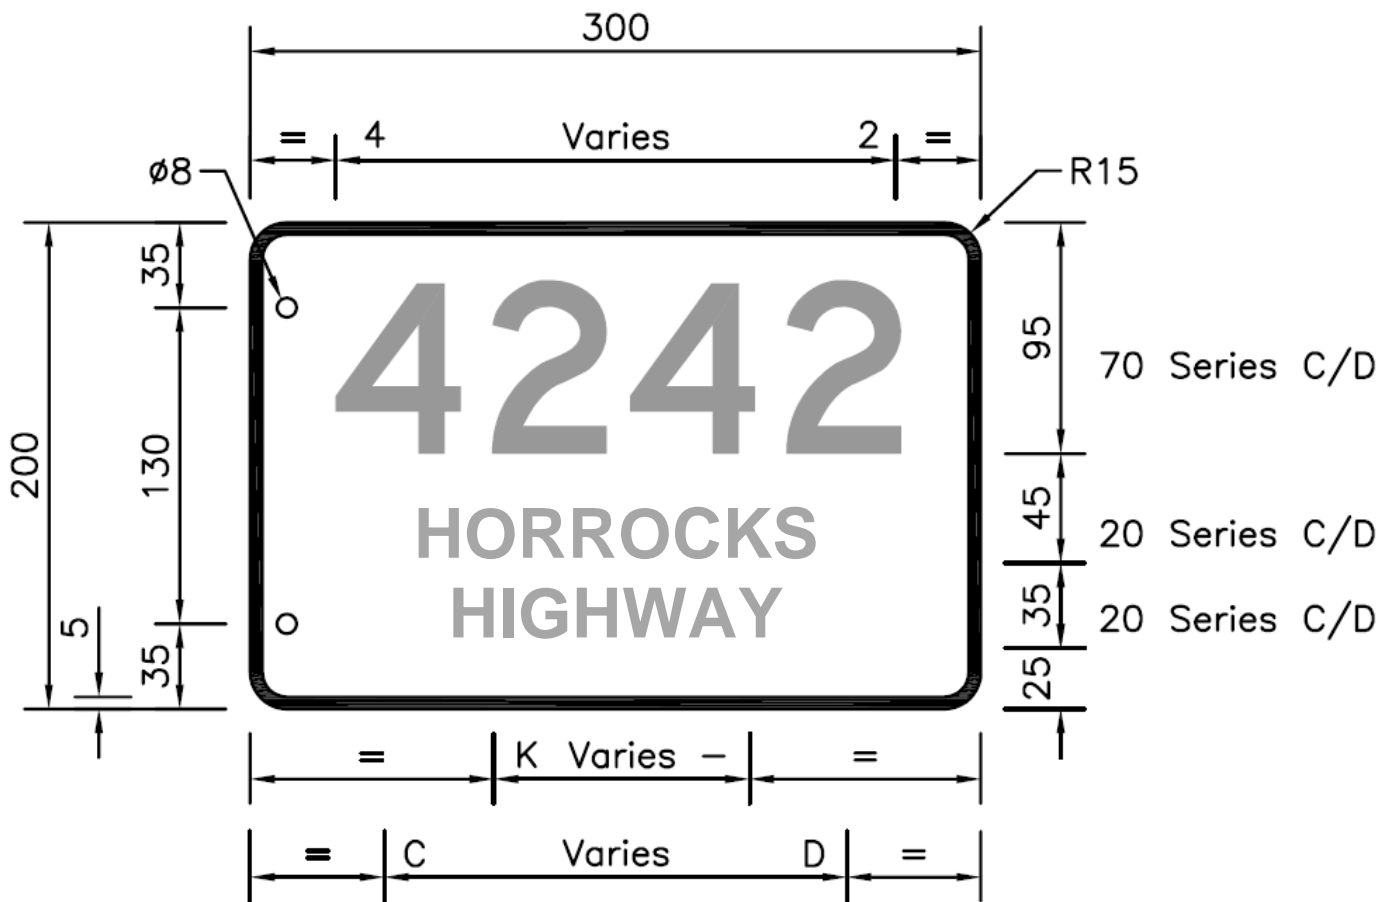

Where practicable, a sign should be installed no closer than 1.5 metres to the edge of shoulder, or guide post alignment, or grader wind row whichever is further from the road.

Location of sign to be adjacent to the property access to height of 1.0 metres to the top of dropper. (See over for typical layout).

Star dropper is to be black in colour.

Sign is to be installed pointing to the road so that it is facing both directions of traffic.
